August 22nd	Phil and the Blanks

A two-story building on San Aleso looms over homes on W. Eaglewood. Much higher buildings could be on the way.

Message from the Chair

San Aleso Avenue is the road that runs from Mathilda to Ahwanee behind Hobee's and Denny's. The properties on San Aleso are now a mixture of commercial and residential apartments.

The back parking lots of many of the San Aleso commercial properties are adjacent to the back yards of many of our neighbors on Madrone, W. Ferndale, W. Eaglewood, and W. Hemlock Avenues.

A land developer, Taylor-Woodrow Homes, has convinced the City Council to study their proposal to rezone some of that property from commercial to residential, and build town houses. The height and setbacks of the buildings are yet undecided. If rezoning gets approved, there is a possibility that the new town homes would be visible from several blocks away.

There is additional information on this subject in the Yahoo SNAILorg newsgroup "files" section.

What is your opinion? Is rezoning for town homes a step in the right direction? Would you rather that the area remain the way it is now? SNAIL needs to know what's on your mind. Please let us know. Call Michael Rose at 736-4811 or attend the SNAIL general meeting on Aug. 2nd.

Free Mulch

Free mulch is available to Sunnyvale residents at the SMaRT station. There are two kinds of mulch, ground green waste and wood chips, both a byproduct of our yard waste. The SMaRT station is open every day. Just bring your own containers and a shovel.
