## February 2021

### GENERAL MEETING

**Thursday, February 4<sup>th</sup>, 7:00 p.m.**

**Zoom, Zoom, Zoom, SNAIL Members!**  
**You're invited to join in the SNAIL Community Meeting via Zoom**

**Zoom Login:** <https://pausd.zoom.us/j/91023222644>  
**Meeting ID:** 910 2322 2644

**One-tap mobile:** +1 669 900 6833, 91023222644# (San Jose)  
**Dial by your location:** +1 669 900 6833 (San Jose)

SNAIL typically meets on the first Thursday of the month. The rare exception is when the first Thursday is also the same date as a big holiday or our usual meeting venue is not available. All SNAIL area homeowners, residents and guests are invited. Children are welcome. Membership in SNAIL is always free.

**Next SNAIL Meetings:** 3/4, 4/1, 5/6, 6/3

### In Loving Memory

Sadly, we have had to say goodbye to two SNAIL members recently. Barbara came from Guam and married Gregg, on E. Eaglewood. Both loved ballroom dancing. We will miss her as she was a strong member of the 200 block.

Sam was married to June. He attended every SNAIL function. We will remember Sam, his stories and his sense of humor.

Please keep them and their families in your prayers.

#### Redistricting in Sunnyvale

Sunnyvale is required by law to update the district map boundaries based on the 2020 Census information. Ideally, our City would formalize the process and make it more community driven.

Our recommendation is to use an Independent Redistricting Commission or Hybrid Commission that has minimal conflict of interest by those being elected and maximum input by the residents on what they want their districts to look like. Learn more at <https://tinyurl.com/FairMapsProject> and let Council know that you support the Independent Redistricting Commission. They will be meeting on Jan 28<sup>th</sup> and Feb 2<sup>nd</sup> so please do it right away.

-Elaine Manley, Co-President, LWVCS.org

The publication of our newsletter and SNAIL Neighborhood Association sponsored activities are supported through our annual yard sale, newsletter sponsors and donations.

#### MESSAGE FROM THE CHAIR

I would like to wish you all a very Happy New Year.

2020 was a very different and chaotic year for many, but 2021 is the beginning of another chapter, 365 blank pages for us to make our best year yet.

Did you know that according to history.com, New Year's resolutions have been around since the Babylonians? They made promises to the gods for better conduct, much like the Romans who promised offerings to Janus, the two-headed god, who looks back to the old year and forward into the New Year.

That is where our modern-day resolutions come from - looking back on our old year and the mistakes we made. We then make resolutions to help us better ourselves in the New Year. If you made New Year Resolutions, I want to wish you the best of luck with them.

As we start this New Year there are some positive changes coming for us. The New Year brings a renewed sense of hope. The reality of the deployment of the Operation Warp Speed COVID-19 vaccination to millions is slow to reach those who need it the most.

You probably heard that the new vaccine will be delivered in two doses, the second dose will be administered 21-28 days after the initial dose. With a proven effectiveness of 90%, we hope that with the vaccine, we will be able to return to a more normal way of life again.

I hope this year will be your best year yet. I wish you and your loved ones good luck and good health!

-Valérie Suarès

#### HIGHLIGHTS OF LAST MONTH'S SNAIL ZOOM MEETING

**Guest Speakers: Department of Public Safety** - Chief Phan S. Ngo, Deputy Chief Steve Drewniansy, Deputy Chief Jim Choi, Captain Dan Pistor, Captain David Sakurai

**Chief Phan S. Ngo:** In 2020, public safety received four new fire trucks. A new Emergency Operations Center (EOC) building has been approved, with lots of new and expanded features.

- **Racial justice and police reforms:** Sunnyvale Public Safety supports constitutional policing and recognizes this is a transitional process. The city held five listening sessions during the last year and the feedback has been good, but "don't let it slip". Incremental changes are being made because we have a head start on most of the nation. Documents are available online. The Chief and City Manager continue working on transparency improvements.

**Crime:** There has been a reduction in crime, yet still for someone experiencing crime, that experience is too many.

#### Discussions

- **Diane: Maude Bicycle Lanes**

We agreed to form a "SNAIL BPAC" taskforce to gather feedback on the Maude bike lanes and propose adjustments or changes to the current structure. We will bring a report to SNAIL in the February meeting so that SNAIL can determine any next steps.

**INAUGURATION DAY HISTORY**

Inauguration Day marks the beginning of the new four-year term of the President of the United States. The Inauguration of the U.S. President garners national attention. Held in Washington D.C., the Inauguration ceremony takes place on the western front of the U.S. Capitol Building.

This day is a federally recognized holiday for all workers within the District of Columbia, and several counties in both Maryland and Virginia. Inauguration Day falls on January 20<sup>th</sup> every fourth year unless the 20<sup>th</sup> falls on a Sunday. In this case, it is held on January 21<sup>st</sup>.

**INAUGURATION DAY FACTS**

 The Twentieth Amendment to the U.S. Constitution changed the date from March 4<sup>th</sup> to January 20<sup>th</sup>.

 The only President to take the oath of office without placing his hand upon a Bible was Theodore Roosevelt in January 1901. He was sworn in with an uplifted hand.

 The U.S. Constitution only mandates the person take an oath or affirmation before he/she can take office.

 Various Presidents have added their own twist to the swearing in ceremony, including kissing the Bible, or adding the words so help me God in closing.

**INAUGURATION DAY TOP EVENTS AND THINGS TO DO**

 Watch the Inauguration happen live via television or internet broadcast.

 Watch the Inauguration Parade as it proceeds towards the White House.

 Enjoy American snacks and celebrate the new President.

**EARTHQUAKE PREPAREDNESS REMINDER**

2020 was a year of reckoning and a good reminder to be prepared for the Earth’s natural cycles. The last global pandemic was in 1918; the Spanish Flu swept slowly around the world. Oddly enough, the last big earthquake in California was on April 18<sup>th</sup>, 1906; a 7.9 jolt, scary indeed. We do not know when we will face the next big one, but we can prepare ourselves to diminish its impacts, like having our water, food and medical supplies for the next 72 hours. This is critical for our survival in case of major damage to the Bay Area infrastructure. Secure everything in your house. On October 30<sup>th</sup>, 2007, I had a fifty-gallon aquarium sitting on a shelf in the living room, not secured to the wall in my North San Jose home. As soon as I felt the jolt, I ran from my room to the living room to push the shelf against the wall while the water splashed back and forth on my face. Yes, I learned my lesson the hard way! The 5.6 shake was no joke. Be sure to identify where your gas meter is located and have a tool readily available to close it in case of a broken pipe; same goes for water. Try to mentally rehearse or physically practice how you will react in case of an earthquake as we tend to freeze or act frantically in an emergency. I do not mean to scare you, but this advice could well save your life. I pray that we never have to go through this, but if we do, we will be prepared for it. For more earthquake safety information, visit: <https://www.earthquakeauthority.com>.
